

**WOMEN OF TRUE GRIT**  
By Ronnie McDowell & Edie Hand

**"Women Of True Grit"** stand on their own  
**"Women Of True Grit"** proud & strong  
And when they put their heart and soul and their mind into it  
There's nothing they can't do  
**"Women Of True Grit"**  
Yeah, those **"Women Of True Grit"**

Nobody's gonna block that path  
Or stand in the way of their journey  
They've got pearls of hope and a million dreams  
And they won't stop til they reach that destiny

**"Women Of True Grit"** stand on their own  
Yeah **"Women Of True Grit"** proud & strong  
And when they put their heart and soul and their mind into it  
There's nothing they can't do  
**"Women Of True Grit"**  
Yeah, those **"Women Of True Grit"**

They possess a confident strength  
No obstacle they can't face  
There's no looking back, full steam ahead  
Just moving forward with grit and a beautiful grace

*Bridge*      So many stories that cannot be denied  
But they've been through the storm and they survived

**"Women Of True Grit"** stand on their own  
**"Women Of True Grit"** proud & strong  
And when they put their heart and soul and their mind into it  
There's nothing they can't do  
Cause **"Women Of True Grit"**  
**"Women Of True Grit"**  
**"Women Of True Grit"**  
Yeah, those **"Women Of True Grit"**
